TO : Director of Training

DATE: 22 December 1960

FROM : Chief, Plans and Policy Staff

SUBJECT: Supplement to Weekly Activity Report #51

1. Weekly Report to DD/S

EA-DD/S questioned [redacted] in the current weekly report to DD/S which was tagged for attention of the DDCI. [redacted] will not bring it to DDCI's attention now, but asks rather that PPS include the item in the monthly round-up which routinely goes to the DDCI. Will comply.

2. Insurance

B C/PPS has experienced mild inconvenience and extreme annoyance over the handling of a routine hospitalization claim. The moral of the story is that the hospitalization and insurance people in the Office of Personnel have a huge backlog of work of all sorts, have many new and inexperienced young personnel, are understaffed, and still are making changes in their procedures. It will call for a great deal of patience for some time to come. So far, I can only say, "We wuz robbed when we were urged to switch to the Agency's new plan!" Maybe things will be better and more fun in '61....
